Cable Rack Displays

These displays were designed with the dealer in mind. Now, cables can easily be displayed without taking up valuable shelf space. Simply hang them off the wall. We have redesigned our headercards so they hold the cable end preventing cables from falling out of their display bags. Dealers can easily stock more applications by stocking Motion Pro cables than if you stocked only OEM cables. Hang these below one of our Motion Pro Banners and let your customers see your commitment to quality products.

18" Cable Rack Display
121-01152
- Hold up to 200 cables on wall space of 18" x 11"
- Black epoxy finish
- Kit contains 2 racks, end pieces, hardware and display header card

# 36" Cable Rack Display
121-01153
- Hold up to 500 cables on wall space of 36" x 17", with 14" depth
- White epoxy finish
- Kit contains 3 – 20-slot 36" cable racks, middle and end braces, hardware and display header cards

18" Cable Rack Only
121-01150
- 10-slot cable holding system.
- Black epoxy finish.

36" Cable Rack Only
121-01151
- 20-slot cable holding system
